Only Mopria–certified machines can use the Mopria feature. Check the box that your machine came in for the Mopria–certified logo.

Mopria™ Print Service is a mobile printing solution that enhances the new print functionality on any Android phone or tablet (Android version 4.4 or later). With this service, you can connect and print to any Mopria–certified printer on the same network as your mobile device without additional set-up. Many native Android apps support printing, including Chrome, Gmail, Gallery, Drive and Quickoffice.

Setting up the machine for Mopria printing

Bonjour(mDNS) and IPP protocols are required on your machine to use the Mopria feature. Perform the following steps to enable the Mopria feature.

1. Ensure that the machine is connected to the network.
2. On your computer, open a web browser (Internet Explorer, Safari, or Firefox) and type the IP address of the machine in the address bar. Then, press Enter.

For example,

http://192.168.1.133/

3. Click Login in the upper right corner of the SyncThru™ Web Service website.
4. Type in the ID and Password.

If you want to create a new user or change the password, see Using SyncThru™ Web Service.

5. When the SyncThru™ Web Service window opens, click Settings > Network Settings > Standard TCP/IP, LPR, IPP > IPP. Then, select Enable.
6. Click Settings > Network Settings > mDNS. Then, select Enable.

**Setting up Mopria on your mobile device**

If you do not have Mopria Print Service app installed on your mobile device, open to the app store (Play Store, App Store) on your mobile device, search for, Mopria Print Service, and then download and install the app.

1. In the Settings menu of your Android device, tap Printing.

   The location of this option may differ depending on your mobile device. If you cannot locate the Printing option, refer to the user’s manual for your mobile device.

2. Under Print Services, tap Mopria Print Service.
3. Tap the On/Off slider to enable the Mopria Print Service.

**Printing via Mopria**

To print via Mopria on an Android device:

1. Open the email, photo, web page, or document that you want to print.
2. Tap *Print* on the menu in the app.
3. Select *your printer*, and then configure the print options.
4. Touch Print again to print the document.
